

## Pregnancy and Baby Care

We offer advice on baby and childcare. If you are thinking of starting a family, we can help with easy to use kits for pregnancy testing. We can advise you on the needs of a balanced diet during pregnancy to you ensure your baby has the best start in life.

## Emergency supplies

We may be able to help you if you need a prescription medicine in an emergency when your surgery is closed.

## Disabled Access

There is a small step at the front door which makes wheelchair access difficult. Our friendly staff are able to serve you at the front door should you require.

## Out of Hours

When the pharmacy is closed, health advice and other information, including details of other local health services, is available round the clock from NHS Choices. You can:

-Go online at [www.nhs.uk](http://www.nhs.uk)

-you can call 111 when you need medical help fast but it's not a 999 emergency

## Legal

The Pharmacy complies with both **The Data Protection Act** and **The NHS Code on Confidentiality**. For further information please see leaflet "How we look after and safeguard information about you".

We reserve the right to refuse to provide services to individuals who act in a violent, threatening or aggressive manner.

For personal enquiries on our Prescription service and any other matters, you can call us on 02380 473179 or email at [westend@everettspharmacy.co.uk](mailto:westend@everettspharmacy.co.uk).

Providing NHS Services

## NHS Services Available

As your local community pharmacy, we can offer a wide range of services and facilities for you and your family. We provide NHS services on behalf of NHS England.

### **Medication Use Reviews (MURS) & New medicine Service (NMS)**

You can make an appointment with our pharmacist to discuss how you are getting on with your regular medicines and discuss new medication. It will allow you to learn more about your medicines and ask any questions you may have. If you are experiencing any difficulties with your medicines our pharmacist may be able to help.

### **Electronic Prescription Service**

We are now offering our customers the Electronic Prescription Service, which allows you to nominate a pharmacy to get your medication from. Your GP will then send your prescription electronically to the place you have nominated, saving you time, giving you more choice about where to collect your prescription from and is therefore more convenient.

### **Free Collection and Delivery Prescription Service**

We are able to collect prescriptions from local surgeries and dispense them ready for you to collect. A free home delivery service is available for housebound patients.

### **Unwanted and Unused Medicines**

We help run a nationwide DUMP (disposal of unwanted medicines properly) campaign so please return all unwanted medicines and we will dispose of them safely. However we cannot accept used needles and lancets.

### **Medicine Containers**

All medicines are dispensed in child resistant containers unless otherwise requested. Please remember: **Keep out of reach and sight of children.** Our pharmacist can advise you on safe storage of medicines.

### **Repeat Dispensing**

We can dispense NHS repeat dispensing prescriptions issued by your doctor. Ask us for more information on this service.

### **Emergency Hormonal Contraception (EHC)**

Emergency contraception is available when a EHC qualified pharmacist is working. Please call for details.

## Other Services Available

### **Advice on Medicines**

We carry a wide range of well-known medicines, and the pharmacist & our qualified Staff can advise you on the use of these, as well as those that you may be taking on prescription. Your pharmacist can advise on all medicines and minor ailments, as well as alternative and herbal remedies. Health care education and information leaflets are also available.

### **Healthcare Advice**

Our trained counter staff will be able to advise you on many healthcare matters including holiday and travel care, smoking cessation, first aid, family planning, personal, baby care and healthy lifestyles issues. If necessary our staff will refer you to the pharmacist. We have a wide range of well known products many of which you can only buy from a pharmacy. If you prefer to speak directly to the pharmacist in confidence, please ask a member of staff. We have a private consultation room if required.
